

DewEze®

Super Slicer II

The Super Slicer offers a reliable one-man operation for increased productivity. Over 15 years of field-tested know-how is your guarantee to efficient feeding, even through the worst weather conditions. The Super Slicer allows you to keep the leaves at feeding time that you worked so hard to preserve at baling time. The hydraulically (or optional PTO) powered sickle, slices through wet, frozen, or tight bales with minimum waste and full bale feeding control.

- Feeds the Entire Bale
- Lifts, Loads, Transports and Feeds from Your Tractor or Pick-up in One Operation
- Self Loading with Double Bale Capacity
- Uniform Feeding Without Leaf Loss
- Available as Stationary Unit for Mixing/Grinding
- All Hydraulic Operation or Optional PTO Drive
